"I searched for the perfect grand piano for many years and played too many pianos to begin to count. The search ended when I played the Hamburg & Bach piano the very first time. Bruce's knowledge and expertise poured into the design and custom refinements made this the perfect piano for me. The smooth touch and incredibly balanced keys make this piano seem to almost play itself. The tone is so pleasing and colorful, perfect for composing. Bruce and Nancy made this experience so easy with their technical knowledge and warm welcome. I'm amazed every time I sit down at my piano...my piano."

"It was a Christmas to remember! Waiting was the hardest, but December 28th finally arrived, and with it came our beautiful Grand Piano with the Player system! Thank you for the flawless experience. Selection and delivery was wonderfully delightful. We especially enjoyed the pictures of the player system being installed - amazing! We love our Hamburg & Bach!"

"We visited Forte' Piano Gallery while searching for the right grand piano for our church. We had played many pianos, and found the Hamburg & Bach to be the perfect performance piano for us. No high pressure, the staff helped to match us with the right piano for the size and needs of our church, all with a great price. Delivery was on time, and Forte' continues to provide excellent service and maintenance to keep our piano at peak performance. We recommend Forte' and the Hamburg & Bach highly."

"Both of our children take piano lessons and our old piano was ready for the scrap heap. We bought a Hamburg & Bach piano on the advice of the children's music teacher. She said this was a good piano and would be an excellent choice for more than one player. What a difference it has made! Both kids are progressing rapidly and it was much less than we expected to upgrade to such a nice piano."
